

## CHEMICAL PEELS

**Glycolic Acid** - a superficial peeling agent naturally derived from sugar cane, glycolic acid improves overall skin health, decreases facial wrinkles, and minimizes age spots and hyperpigmentation. Available strength 15%, 25%, 35%, 50% & 70%.

**Salicylic Acid** - this acid loosens and removes cells, oils, and debris attached to the skin's surface and embedded in the pores. Available strength 25%, 35% & 50%.

**Lactic Acid** - a rapid, non-irritating exfoliant, lactic acid is ideal for more sensitive skin, in cases where glycolic acid might be too intense. Lactic acid peels help eliminate germs and toxins and remove dead skin cells while maintaining a healthy pH balance.

**Mandelic Acid** - This acid is derived from almonds. It is beneficial for skin types that have hyperpigmentation, Melasma, and age spots. This peel would be highly recommend to use on Fitzpatrick skin types 4-6. This treatment can be done every 3-4 weeks. Available strength 25%, 35% & 50%.

**Jessner's Peel** - Jessner's peels are a combination of Salicylic acid, Lactic acid, and Resorcinol. They are ideal for treating pigment irregularities, acne, photo damage and premature aging.

**Kojic Acid** - Kojic Acid is a powerful skin-brightening agent naturally derived from an array of organic materials (particularly fungus during the fermentation of sake). Available strength 30%, 50% & 70%.

**Combo Peel** - combines pure glycolic acid, salicylic acid and lactic acid with phospholipids in a synergistic blend designed to soften your skin slowly and dislodge dead skin cells. When used regularly, this leads to cleaner, clearer and healthier skin.

**Cleanser** - Skin care product that gently but thoroughly cleanses the skin without leaving it red or blotchy, our polysucrose-derived cleanser is exactly what you're looking for. Made with passion fruit extract, this mild cleanser leaves your skin clean and refreshed.

**Exfoliating Cleanser** - It revitalizes and hydrate your skin while helping to remove dead skin from the surface. Regardless of your age, this exfoliating cleanser should be used 3-4 times per week for effective exfoliation. May be used in conjunction with any of our masks for added benefits.

**Carbon Peel** - A carbon peel is a revolutionary laser treatment that is completely painless with minimal-to-zero downtime. It is highly beneficial for people with oily skin, blackheads, enlarged pores, dull skin, and acne on the face or body. It is also an excellent way to exfoliate and refresh your skin, providing an instant refreshed appearance and leaving skin feeling softer, smoother and firmer.

**Note** - Products are available with different combinations as preferred by dermatologist.
